**JET PARTS ENGINEERING ANNOUNCES FAA APPROVAL OF 12 NEW PMA PARTS**

Seattle, WA – Jet Parts Engineering (JPE), a leading PMA parts supplier, recently received FAA approval on 12 new PMA parts. The most recent additions to JPE’s extensive offerings include a food tray plug, chafe guards, clear lens assembly, retainers, floor seal, gasket, wearpad, arm assembly, and piston ring set. The newly approved PMA parts are available directly through Jet Parts Engineering’s ecommerce website and are listed below.

#### **About Jet Parts Engineering**

Jet Parts Engineering (JPE) is a recognized leader in the development of PMA parts for commercial aircrafts and is devoted to providing a better spare parts solution to a worldwide network of airline and MRO partners. Jet Parts Engineering's priority is to help customers battle their increasing costs of maintenance with economically-priced spare parts, greatly reduced lead times, and excellent customer service, all without sacrificing outstanding quality. JPE's ecommerce portal provides customers immediate access to pricing, availability, technical information, along with the ease of order placement and tracking.
